Then the Sialors started their comeback on a power play goal with 11:10 left when Wiles was serving his fourth penalty.

COLUMBUS TRAILED 2-0 early, tied it 2-2 on the first goal of the second period and then fell behind again 4-2.

The final game was just the opposite—the most one-sided game of the tournament. "I thought Sioux City played a heck of a game last (Thursday) night," Swick said. "I was worried."

Two goals in the first 1:19 helped relieve Swick's worries. Sioux City didn't get a shot on goal for eight minutes in the first period.

However, the Metros cut the Warriors' lead to 4-1 when Paul Kambackph hit from the blue line with 8:26 gone in the second period and, at that time, the Warriors hadn't had a shot in the period.

Waterloo hit its next two shots—both by Lamb—and got only its third shot of the period with one second left.

Lamb's third straight goal made the score 8-1 Waterloo 50 seconds into the final period, and the Warriors' third win over the Metros was secure.

The paid attendance for the two sessions Friday totaled 1,885. In afternoon second round matches Urbandale nipped Mason City 6-4, while Valley of West Des Moines scored the third shutout of the tournament, winning 8-0 over Ames.

Waterloo Warriors winger Tim Welsh (10) skates after the puck after a shot was blocked by Sioux City goalie Mike Bennett (left) during a second round game in the state high

school hockey tournament Friday night at McElroy Auditorium. The Warriors won 10-1.

Columbus shocked 5-4 by Ankeny in tourney; Warriors romp 10-1

By RUSS L. SMITH
Courier Sports Editor

A third match between the Waterloo public school Warriors and the Columbus of Waterloo Sailors melted away in the last 14 seconds of a second round game Friday night in the state high school hockey tournament at McElroy Auditorium.

An aroused Ankeny team, beaten twice this season by the Sailors, never trailed Friday, but it took Ted Wiles' fourth goal of the game to give the Hawks a 5-4 upset victory over the Iowa High School Hockey League champion Sailors.

So instead of a possible title game Sunday against the Warriors, Columbus will play Sioux City at 1 p.m. Sunday for fifth place, their lowest finish ever in the state meet.

PUBLIC COACH Dave Swick, whose Warriors defeated Sioux City 10-1 in the final of four games Friday, said, "I had to see Columbus get beat. It would have been good for the tournament to see us meet again."

Swick's club had an individual performance that topped Wiles', however, as Mike Lamb scored five goals, the first

as he tipped in a long slap shot by Todd Jackson just 10 seconds into the game.

Columbus battled back twice from two-goal deficits and there were two bench-clearing celebrations in the final 77 seconds of the game.

Steve McIntee hit a driving 15-footer for the Sailors to tie the score 4-4 with 1:17 left, but the Sailors never rallied after the face off and 63 seconds later Wiles drilled a shot high into the net, also from about 15 feet.

"They were the only team we hadn't beaten before this season," said Coach Ray Mikulan. "We were really up for this one. The kids on the bench kept our skaters pumped up."

"Wiles played a good game and (Doran) Doty was fantastic. Kurt Anderson played exceptionally well in the goal, too."

Columbus outshot Ankeny 33-22. "We just didn't play well," said Sailor Coach Duke Dukowski, whose team defeated Ankeny twice by 9-1 scores enroute to the regular season championship. "They came to play and they beat us."

"Wiles is a good hockey player—probably the best in the league."

He had both a positive and a negative presence. He was assessed six two-minute penalties. He scored a shorthanded goal in the second period to give Ankeny a 4-2 lead.

Moments earlier the Hawks were two skaters short with three players, including Wiles, in the penalty box, and Columbus got only one shot in over a minute.
