

Mohawks in all-star game

OMAHA, NEB. — Two Clear Lake High School students represented the Mason City Mohawks on the victorious East team in the Iowa High School Hockey All-Star game Tuesday.

Forward Chris Petersen of the Mohawks scored two goals in the East's 10-9 win. He was joined by teammate Jeff Perkins, a defenseman.

Teams represented by East were Mason City, Waterloo Public, Waterloo Columbus, Ames, and Dubuque.

West players originated from Urbandale, West Des Moines Valley, Sioux City, and Omaha.

The game preceded the United States Hockey League all-star game.

"I think they were both picked because they are good hard-nosed hockey players," said Mason City High hockey coach John Lloyd.

Petersen and Perkins together have nearly 15 years of 'on ice' experience and are leading players on the Mason City team.

Petersen, Mason City's leading scorer, shot in goals during the second and third periods of the match.
